

Winter event Team Curling

Lindenbräu at Potsdamer Platz

Curling Team event

Curling – a combination of curling and boules will quickly warm you up in the winter cold of Berlin! Experience as a team why this centuries-old sport is still so popular today: our team guides will instruct your teams in the fine art of this winter sport and you will compete against each other to collect important points. On our winter playground, in a festive atmosphere, each team will compete on up to two environmentally friendly plastic curling rinks with real ice quality to collect as many points as possible in the various rounds. But be careful, every throw can be decisive! It's fun, games and excitement right to the end, and with the all-round support of our enthusiastic guides, you'll experience real team spirit. Of course, mulled wine and apple punch are available as optional extras! Afterwards, you'll have earned a culinary treat to round off the day.

The image is a composite. The top half shows a blurred background of people in a social setting, possibly a bar or event space, with warm lighting and bokeh effects. The bottom half is a close-up of a curling rink. In the center, a red curling stone with a silver band and a black handle is positioned. To its right, a black and yellow curling stone lies flat on the ice. The ice surface is light-colored and reflective.

Curling Event program

After a cheerful **welcome**, our friendly **team guides** divide the group into smaller teams, known as **Moarschaften**. After a brief introduction, it's time to get started: the Moarschaften compete against each other in entertaining matches and, in addition to having lots of fun, collect points for the grand **award ceremony**.
